VOLUME 43 • ISSUE 6 • 2019

ISSN 1300-0985 • E-ISSN 1303-619X

SCOPE OF JOURNAL

The Turkish Journal of Botany is published electronically 6 times a year by the Scientific and Technological Research Council of Turkey (TÜBİTAK) and accepts manuscripts (in English) covering all areas of plant biology (including genetics, evolution, systematics, structure, function, development, diversity, conservation biology, biogeography, paleobotany, ontogeny, functional morphology, ecology, reproductive biology, and pollination biology), all levels of organisation (molecular to ecosystem), and all plant groups and allied organisms (algae, fungi, and lichens). Authors are required to frame their research questions and discuss their results in terms of major questions in plant biology. In general, papers that are too narrowly focused, purely descriptive, or broad surveys, or that contain only preliminary data or natural history, will not be considered.

EDITORIAL BOARD

- Abdullah KAYA, Karamanoğlu Mehmetbey University, Turkey
- Adem BIÇAKÇI, Uludağ University, Turkey
- Ahmet AKSOY, Akdeniz University, Turkey
- Ahmet ASAN, Trakya University, Turkey
